This is our next book for discussion in our group. If you would like to join us the book is available from Amazon and other good retailers – It is described as follows - Discussions about the Sabbath often centre around moralistic laws and arguments over whether a person should be able to play cards or purchase liquor on Sundays. In this volume, popular author Walter Brueggemann writes that the Sabbath is not simply about keeping rules but rather about becoming a whole person and restoring a whole society. Importantly, Brueggemann speaks to a 24/7 society of consumption, a society in which we live to achieve, accomplish, perform, and possess. We want more, own more, use more, eat more, and drink more. Keeping the Sabbath allows us to break this restless cycle and focus on what is truly important: God, other people, all life. Brueggemann offers a transformative vision of the wholeness God intends, giving world-weary Christians a glimpse of a more fulfilling and simpler life through Sabbath observance.

We would like to thank everyone who was involved in preparing our churches in readiness for our annual services of remembrance. A huge amount of time and effort had gone into all of the preparations and displays, and these reflected the thoughts behind this important event.

To all those who helped in the services, again a huge thank you. And thank you to you all for attending the services to remember those who gave their all so that we could have the freedom we do today.
